

May 2021

Dear Parents,

We are asking for your cooperation in a vitally important matter. One of our pupils is receiving medical treatment for cancer. This puts the pupil at serious risk if exposed to measles, chicken pox or shingles. If you suspect your child has measles you should let the school know immediately.

Our pupil is also at risk from chicken pox and would need to be given an injection within 3 days of contact. Please let us know immediately if you suspect that your child has chicken pox or shingles.

Your child is not at any risk whatsoever from this situation. However, the health and wellbeing of our pupil may be at serious risk. We depend on the cooperation of all parents and hope we can rely on your help.

Many thanks.

Yours sincerely,

Miss K McNeill
