Dear Parents/Guardians

RE; Measles, chickenpox and shingles.

Please may we ask for your cooperation in an important matter.

One of our pupils is receiving medical treatment for cancer. As this student has a compromised immune system and is more vulnerable to disease, it is important that you inform us if your children have or are in contact with an infectious disease such as measles, chickenpox or shingles.

Your child is not at any risk whatsoever from this situation. However, the health and wellbeing of our pupil who is at risk, does depend on the cooperation of all other parents and we hope you can help us.

With many thanks.

Yours sincerely
