Response to the Crisis in Ukraine

Dear Parent/Guardian,

I am writing to you to appeal on behalf of the people of Ukraine. I am sure you are aware of the current crisis, the level of urgency that this matter requires, and the impact this is having on the people, but maybe most importantly, the children.

The humanitarian crisis in Ukraine has highlighted to the world that the country is in dire need of medical supplies for those that are indirectly affected by the conflict. As a school community, I believe that we could pull together to make a positive impact on the lives of those who are suffering.

As a school, we are supporting a community aid organisation called The Association of Ukrainians in Great Britain. This organisation is currently providing aid to those that need it most in the height of this crisis.

Over the next few weeks we will be appealing for funds in the school to support this organisation.

Next week we will be at the school show where we will be collecting donations, but if you're not able to attend there will be an option to donate through ParentPay. We will also be offering collections in pastorals as well if this is easier.

As a school we have always responded well to those in need, if you feel you can support in any way by offering a small donation it would be greatly appreciated.

Yours faithfully,

Lewis McGreevy
Sixth Form Student
