Year 11 Update

Dear Parent / Guardian,

I wanted to take this opportunity to thank you for all of your continued support as your child prepares for their GCSE examinations.

It can of course be a challenging period for many, and it can lead to pupils feeling tired and overwhelmed at times, but your encouragement is vital in helping them to keep calm, keep perspective and to keep focused on doing their very best.

Here in school, pupils have had a wide range of support and information to help equip them with all the tools that they need to be successful. We have helped them to develop effective revision techniques, to plan and manage their revision, and to develop techniques and strategies to manage their wellbeing.

As pupils begin their Easter break, this is a huge opportunity for them to really make a concerted effort with their revision. Your child has been provided with a revision pack to complete over Easter. Whilst we know many pupils will go over and above what is in this revision pack, we do ask everyone to complete this as a minimum. Your support in helping your child to manage their time over Easter will make a huge difference to ensuring that they can appropriately balance the demands of examination preparation with a well earned rest.

After the Easter break, we will be updating pupils and parents on all of the arrangements and expectations linked to the examination period.

We are very proud of how hard pupils have been working in the run up to the examinations, and know that they will make the most of the last few weeks remaining to really maximise their chances of success.

Yours faithfully,

Mrs C Lennox

Assistant Headteacher
