

Raising Achievement Plan

End of Year Examinations - Summer 2023

Dear Families,

This week in assemblies we are launching our **Raising Achievement Plan** with students. In the six weeks prior to every formal examination period, we will provide your child with the tools and support they need to do their very best in the end of year examinations. This same routine will be followed before every end of year assessment as students progress through the school, in order to help them build the essential independent revision skills needed for success.

The end of year examinations will take place between Monday 19th and Friday 30th June. Individual teachers will inform students of the date and time of the examinations for each of their subjects and a full timetable will be shared closer to the time. These examinations will take place in their usual classrooms, under examination conditions.

The end of year examinations are a key opportunity for students to develop their revision skills and organisation, to secure the learning over the past year, and to review their progress to date. As such, it is vital that students undertake a programme of revision in order to sufficiently prepare for the examinations.

Students have been given a revision booklet which outlines how they should prepare for the end of year examinations and strategies for how they can most effectively revise. There is also a revision timetable that students should complete in order to help them to organise their study time. You can access a digital copy of the booklet here: [Y7 RAP Booklet](#).

Thank you for your ongoing support and, as always, if you have any queries, please do not hesitate to get in touch using the pastoral email addresses below.
