

8th November 2024

KS3 Mid-Year Assessment Timetable December 2024

Dear Families,

I am writing to you in advance of our forthcoming assessments for all of our KS3 pupils to share our assessment timetable.. We have been so impressed with the dedication and work ethic of our pupils so far this year and within the assessment window, pupils will have the opportunity to revise and secure their learning to date. Assessments will take place during lessons from the week commencing **Monday 2nd December 2024 until Friday 13th December 2024**.

These assessments will be a very important first opportunity for our pupils to showcase what they have learnt and retained so far this year, and allow teachers to reflect on pupils' progress. The results of these assessments will allow teachers to help and support where necessary to ensure learning is secured.

Pupils will be made aware of when their assessments will take place from their class teachers and pastoral tutors will provide links to the assessment timetable. Pupils will be provided with a RAP booklet to help them structure their revision and class teachers will also provide materials for revision.

The assessment timetable is available here: [x KS3 Assessment Timetable December 24.xlsx](#)

These assessments are primarily to indicate learning so far in the academic year and allow both pupils and staff to implement changes, where necessary, for the end of year assessments.

Yours sincerely,

Mr M Dean
KS3 Progress Lead
