**Raising Achievement Plan**

**End of Year Examinations - Summer 2026**

Dear Families,

As your child settles into their first year of secondary school, Year 7 represents an important stage in building the learning habits and confidence that will support their progress in the years ahead. With this in mind, we are beginning our Year 7 Raising Achievement Plan this week. This programme is designed to guide pupils through the lead up to each formal examination period, helping them develop effective revision routines and the organisational skills they will rely on as they move through the school.

Pupils will receive their revision booklet this week. This booklet explains how they should prepare for their end of year examinations and includes a study timetable for them to complete. The assembly that introduces the Raising Achievement Plan in more detail will take place next week. We are encouraging pupils to begin their revision immediately so that they can approach the examination period with confidence.

The end of year examinations will begin on the **1st June**. Individual teachers will confirm the specific dates and times for each subject. All examinations will take place in pupils' usual classrooms and will be conducted under formal examination conditions over a fortnight period. These assessments provide an important opportunity for pupils to consolidate the learning they have completed this year, to reflect on their progress so far and to strengthen the revision skills that will support their long term academic development. A consistent and organised programme of revision is essential to ensure that they are fully prepared.

A digital copy of the revision booklet is available here: [Y7 RAP Booklet](#).

Thank you for your continued support. If you have any questions, please do not hesitate to contact us using the pastoral email addresses below.
