

20th April 2026

### Y12 Parent / Guardian Information Evening - 30th April 2026

Dear Families,

We are excited to invite you to our Year 12 Parent / Guardian Information Evening focused on navigating the journey to higher education. As your child prepares to take the next step in their academic journey, we understand the importance of taking time to consider all options available and make a fully informed decision.

During the event, we will cover the following areas:

- What your child should be doing to make the most of their remaining time in Sixth Form.
- How we will support your child in applying for university, an apprenticeship or a job.
- Practical things that parents / guardians can do to help with this process.

We would like to invite you to this information evening at school in the **Sixth Form Centre** on **Thursday 30th April** at **5pm**. Please enter via the back car park, accessing the Sixth Form Centre via the bridge. This information evening is for parents and guardians so students need not attend.

I look forward to seeing you at this event. If you require any further information, please contact us by e-mail at [STM-SixthFormQueries@stm.bwcet.com](mailto:STM-SixthFormQueries@stm.bwcet.com).

Yours faithfully,

Mr S Tait  
**Assistant Headteacher**
