

June 2026

Children's Flu Vaccination September 2026 – December 2026.

Dear Families,

Vaccinating your child against Flu will help protect them, their vulnerable friends and families by reducing it's spread.

The flu vaccine is offered as a spray up the nose or an injection in the upper arm.

Children from Reception to Year 6 who need an injection will be offered this at a community clinic.

Those children in Year 7 and above who need an injection can have this in school or at a community clinic if required.

The online consent can be accessed via any device. Please click on the following link <https://www.northumbriaimmunisations.co.uk/Forms/Flu> This will direct you to the online consent form. Please complete using the entire school code **NB137851**

Please complete the consent form at the earliest opportunity. If you have any issues please contact the team on the above numbers and a member of staff will contact you in due course.

Please complete a non-consent if you do not wish for your child to be vaccinated by using the link above.

If your child becomes wheezy or has their asthma medication increased after you have completed the form, please inform the immunisation service.

Yours sincerely,

Northumbria Healthcare School Aged Immunisation Service.
